DETAILED ACTION

Election/Restrictions

Applicant's election without traverse of species 2 represented by Figs. 4, 5A-K, and 5AA-FA with claims 9-15 and 24-26 readable on this species 2 in the reply filed on 12/08/2005 is acknowledged.

Claim Objections

Claim 11 is objected to because of the following informalities: line 3, "negative photoresist" should be --positive photoresist-- because specification clearly discloses the second mask 508 is a positive photoresist mask (see Fig. 5E and paragraph 0067) . Appropriate correction is required.

Allowable Subject Matter

Claims 9-15 and 24-26 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: prior art references do not teach or render obvious a method of fabricating a lead frame for a semiconductor device package comprising all the steps as recited in claim 9.

Prior art references do not teach or render obvious a method of fabricating a metal lead frame comprising all the steps as recited in claim 24.

Conclusion

This application is in condition for allowance except for the following formal matters:

Claim 11, line 3, "negative photoresist" should be --positive photoresist-- because specification clearly discloses the second mask 508 is a positive photoresist mask (see Fig. 5E and paragraph 0067).

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
